

MARAUDERS

INTRODUCTION

As we begin the 2026-27 season, we are thrilled by the opportunity ahead and grateful to have you with us. The Music City Marauders continue to grow not just as teams on the ice, but as a united hockey community grounded in passion and a shared pursuit of excellence.

The momentum from last season was built through the commitment of our players, coaches, managers, board members, donors, and families. Your time, energy, and belief in what we are building have strengthened this organization in meaningful ways. We are thankful for the trust you place in our program and the standards we uphold together.

Looking ahead, we remain focused on building something intentional. Our program is rooted in speed, consistency, and preparation for the next level. From our youngest players taking their first strides to those preparing for advanced opportunities, every stage of our pathway is designed with purpose. As players move up, the game gets faster, expectations rise, and standards tighten.

We are proud to take the road less traveled — emphasizing structured development, daily improvement, and long-term growth over shortcuts. Whether on the ice, behind the bench, or in the stands, each member of our community plays a vital role in upholding the Marauders' standard.

Thank you for being part of this journey. Let's make this a season to remember.

ELITE PROSPECTS

VERIFIED PARTNER

The Music City Marauders are excited to continue our official partnership with Elite Prospects (EP) as a verified organization. This partnership provides all 14U, 16U, and 18U players with exclusive access to verified Elite Prospects Premium accounts at no additional cost. Elite Prospects Premium is a subscription service offering advanced features beyond the standard profiles. With a verified premium account, players can “claim” their public EP profile and enhance it by adding video highlights, social media links, skills, recommendations, fitness results, and other personalized content. These upgrades enable players to create a comprehensive online showcase—akin to a “LinkedIn for hockey”—to enhance their visibility and attract attention from scouts and recruiters.

INDEPENDENT SCHEDULING

All teams will play a highly competitive, independent schedule. Our coaches and managers work together to put the best possible schedule to help each team improve. MCM teams have played and competed against some of the top teams and events nationally.

Tournaments and showcases will be mixed in with local and travel friendly games. Teams will both travel out of state and play in local tournaments and games that are held at multiple rinks in the Middle Tennessee area.
